

NEW YORK HERO ACT

Training meets New York State Requirements

Employers in New York State are required to provide training to employees to ensure they understand both the Airborne Infectious Disease Exposure Prevention Standard and the Airborne Infectious Disease Exposure Prevention Plan.

32BJ Training’s online course reviews all aspects of the Standard and the Model Plan.

*Note: Employers are still responsible for creating and implementing an Airborne Infectious Disease Exposure Prevention Plan for their specific worksites.

FREE Online Training:

- 1. Refer Members to Training Fund Website to Access Online Courses on a Desktop Computer or Smartphone** (Duration: 30 minutes)

Instructions at training.32bjfunds.com; click “Login” in upper right then search for “Hero Act”
Call 212-388-3701 for help. Training is available in English. Spanish will be available by 10/21/21
